

**Transport Workers Union – Metropolitan Transit Authority**

**Health & Welfare Trust**

**Retirement Exit**

Thank you for choosing the benefits program with the Transport Workers Union – MTA Health & Welfare Trust. Due to your legal/health issues, you are unable to complete the retirement process.

Upon the resolution of all legal/health issues, the amount owed for your benefits, from the official date of retirement to the current date will be deducted from your pension check. If there is more owed than the initial pension check can sustain, the remaining amount owed will be deducted until the full amount owed is resolved.

I fully understand and adhere to the statements above. This process will enable my benefits to continue.
